

*"Working Together, Learning Forever"*

Dear Parent/Carer,

Please find below details of the work that your child's class will be doing during this term. We have also suggested ways in which you can help your child at home. Included with this information you will also find an overview of how we deal with behavioural issues in school.

Thank you for your support,

Mrs Meredith-Williams, Mrs Evans & Miss Scrine

Class: Year 1

Term: Spring

Theme: Splish, Splash, Splosh

Main areas of study:	<p>Our topic focuses on water in particular how we use water and the inequality of clean water supply around the world. We will be learning about the weather, the water cycle and the importance of water in religions. Pupils will also be carrying out a variety of investigations to create potions, clean dirty water as well as waterproofing materials.</p> <p>We will be encouraging lots of hydration breaks whilst learning about the importance of water to a healthy body and mind, therefore please ensure that your child has a water bottle in school each day.</p> <p>Throughout this term we will be participating in a number of outdoor water-based activities therefore it is essential that your child has their <b>own wellies/outdoor shoes and waterproof/rain resistant clothing</b>. We will send a message on Class Dojo in advance for when your child will need these items brought into school. Please ensure all items including the bag are labelled clearly with your child's name.</p>
