E-Safety Parents' Workshop Handout

For further information we recommend the Swansea Learnt ICT website. http://www.learn-ict.org.uk/

Follow the links for E-Safety on the bottom left hand corner of the home page. In this section of the website you will find useful information and guidance regarding possible risks affecting young people today. We have the found that the easiest way to navigate this site is to click on the Primary Zone icon in the centre of the page. Throughout this page there are numerous links which will provide you with useful information and top tips. Click on the black signpost title 'Safe Surfing' for additional information on E-Safety, Social Networking, Cyber-Bullying and much more.

http://www.childnet.com/resources/kia/

Childnet International has provided this 'Know IT All' online resource to help teachers, parents and pupils understand how to stay safe online. This is a fantastic website with online presentations, short films and resources to share with your child as well as links to a multitude of other online resources to enable you to have as much information as possible. The parent and carers section is particularly useful with helpful advice about trends for gaming and social networking for both primary and secondary school pupils.

http://www.saferinternet.org.uk/

This is an excellent website to provide schools, parents and pupils with up-to-date information on E-Safety. Follow the links to the Advice and Resources Section. Within the Parent/Carers' tab you will find top tips on social networking with links to the privacy settings of popular social networking such as Facebook, Instagram and many more.
